Town Talk.

—Talked out.

—The lawyers had the floor yester-

day and did all the talking.

—Father Riley returned from

Wilmington yesterday and with all

his pulpit to-day at the Catholic

Church.

—Saturday night is the printer's

delight, and the joy of his wife if

he leads a sober life, but worse than

any other. Think of it.

—The girl who always laughs at

the church whenever a certain man

looks on, and gives her a good

laugh, is the one who is the most

foolish to ever have seen enough to

dash the holes in her stockings.

—The wind played a joke on a

negro and his dog. The dog started

to bark, and the negro started to

run. The dog followed him, and the

negro ran to the door of his house

and shut the door. The dog was

outside, and the negro was inside.

THE DAILY NEWS IS THE ONLY PAPER IN RALEIGH THAT PUBLISHES THE TELEGRAPHIC NEWS AND THE LATEST NEWS AND MARKET REPORTS.

NOON DISPATCHES.
The Prospects of a Great War in Europe.

VIENNA, March 18.—The Serbian military seem in favor of immediate war, situation aggravated by the continued raids of Turkish troops on the frontier.
The Austrian representation at Belgrade had another interview with Prince Milan, Thursday and urged him to make binding declaration in favor of peace. The Prince asked a few days delay because he could not trust the assurances of Montenegro, he said if Montenegro entered into action he could not remain behind and protect his own territory. The Turks were again concentrating on the Serbian frontiers. Long cabinet councils are held daily.

Spain Again Wants a Fight.

MADRID, March 18.—Spain has determined to raise a compulsory loan for military purposes and exact immediately with utmost vigor.
In Cortes Thursday Senor Castelar made a four hours speech. He criticized the policy of the ministry generally, chiefly on the course on the religious question, and declared ultra-montanism had created the civil war. The house was crowded. All the ministers were present, but the mained silent except on the religious question and several times applauded the speaker. Canovas, Del Castillo and Bavia will reply to Castelar. King Alfonso arrived at Villadolid.

Effects of the Flood in France.

PARIS, March 18.—The arch of the railway bridge over the river gave way under the pressure of a flood and a crossing passenger train was precipitated into the river. Carriages were dashed to pieces, and the passengers all crushed to death or drowned. Thirty corpses have already been recovered.

Vessels Lost.

LONDON, March 18.—It is feared that the British ship Lake St. Clair, Capt. Coffey, from New York, January 19th for Glasgow and the British bark Walton, Capt. Shields, from New York January 19th for London have been lost with all on board.

Declines.

PROVIDENCE, March 17.—Gen. George Lewis Cooke declines the Democratic nomination for Governor.

MIDNIGHT DISPATCHES.

Latest from the National Capital.

WASHINGTON, March 18.—The committee on expenditures in the Treasury Department convened this afternoon, and decided to go into an extensive examination of the expenditures of the Treasury Department with special reference to the bureau of engraving and printing. Numerous witnesses have been requested to appear, including Brainerd.
March will return here next week, pardon having been issued for him as well as immunity for his wife. He consented to come on these conditions.

A telegram from the Chairman of the New York Republican State Central committee says every assembly District in the city last night which elected delegates to the Republican State Convention are in favor of Conkling for President. Delegates from the rest of the State are almost unanimously for Conkling.

It is stated that the Spencer investigation was renewed today. Robert Barber, Clerk of the House of Delegates of the Senate, testified that Spencer promised him the appointment of Marshal when Healey's term expired. The promise was made long after Healey had begun labor for Spencer. The night before the election, the witness kept guard over two colored Republicans, who were feared to be in the morning he told them in the presence of Spencer that Spencer had made up his mind to get them an office. Spencer said he couldn't make a direct promise, but there was a route agency vacant on the Western railroad. They subsequently voted for Spencer.

The question was asked if Spencer furnished any money to take a journey to Louisiana county, and to this ex-Senator Carpenter, counsel for Spencer, or Healey, taking ground that no proof can be given before the court showing that anyone had been bribed; that bribery was punishable by the State. Witness was directed to answer questions, and did so by stating that Spencer furnished one of the party \$500 for the trip. The reason they went there was to defeat a man named Stanwood, who was an enemy of Spencer's. Moore, the colored man who was elected in his place, was also introduced to go to other counties and induce persons to run as independent candidates the expenses of the canvass to be paid by Spencer, or Healey, or both.

General letters were introduced and read one from Spencer, dated Nov. 24th, no year, saying Healey's time soon expired, and you shall have my place, and that the office would be worth \$500 a year. The letter adds, that in case the U. S. Government was war with Spain, Alabama was to be a good share of patronage, as he (Spencer) is on the Military Committee of the Senate, and then that many offices, telling Barber that he could get him a good place in the army if he wanted one. The witness said he was appointed as Inspector of customs at Mobile at a salary of \$25 per day, although he never applied for it. He said that Spencer got the appointment for him; never went to Mobile, and never rendered any services, but drew his pay; he held the position 3 months.

Another Vessel Sunk.

BARNSTON, N. J. March 18.—The vessel sunk about six miles South of Barnston Light is a schooner. A schooner and tug were about 9 o'clock last night. The tug sustained no injury, and passed to sea, leaving a passing steamer to care for the schooner's crew who were taken on board the steamer. It is impossible to get the names of the vessel.

Cotton Mills Burned.

PHILADELPHIA, March 18.—The West End of the Woolen and Cotton Mills at Aurora, Penn., was burned this morning. Loss from \$100,000 to \$200,000.

NORTH CAROLINA.

He knows, Franklin Courier: We Denon the County Prophet says that the farmers may all put their low grounds in cultivation this year as the waste are building their nests on the ground, which is a sure of a dry summer.

Plowed up.—Greenboro North State: Mr. Martin Oshorn, a farmer of this section, has shown us a "frog house," which he ploughed up a few days ago. The frog was comfortably quartered for the winter, under about a foot of ground.

Sparked him.—Milton Mercury: Last Saturday night, after Marshall Brandon, an old colored man of this town, had gone to bed a spark from the fire he had left burning set his bed on fire, and caused very near burning the old darkey up.

Loss from fire.—Warrenton Centinel: The Messrs. Crinkley, residing near this place, met with the misfortune of having their carriage house, with twenty-one boxes of cotton, and several farm implements burned on Sunday night. The loss was probably \$1,500 with no insurance.

Coming from Wilmington.—Review: Every effort is being made among the Methodists throughout the State for their Centennial Celebration, a mammoth affair. The prospect is favorable for a very large gathering in Raleigh for that occasion. It is probable that this city will be a large attendance from this city.

The largest ever caught.—Wilmington Journal: On yesterday, while Mr. G. W. Kuring was fishing his net in Soule Drift, on the river a short distance above the city, he caught an enormous sturgeon which weighed 245 pounds. The fish was 9 feet 7 inches in length and 4 feet 4 inches in circumference.

Religious interest in Charlotte.—Observer: The interest in the services at Tryon Street M. E. Church is growing with each meeting. The spacious church was filled last night, and deep interest was manifested in the exercises. Presiding Elder Bobbitt preached a strong sermon, which had a marked effect upon the congregation. The number of penitents has been steadily on the increase ever since the meeting began, and last night there were 10 or 12 at the altar.

VARIETIES.

The Democratic State Convention of New York meets in Utica the 26th of next month.

Elizabeth, New Jersey, has closed its public schools, there being no appropriation for their support.

Dr. Deems is shortly to lecture in Petersburg for the benefit of the parsonage fund of High-street church.

The Senate of Massachusetts last Wednesday adopted a woman suffrage amendment to the State Constitution by a vote of 18 to 10. It has gone to the House for its concurrence.

The entire vote of the State of New Hampshire is barely three-fourths that of the single city of Philadelphia and the party that pays the best price can walk off with the ballot box.

The residence of Gen. Gideon J. Pillow, who sold his headquarters on Tuesday in Memphis and was bought for twenty six dollars and presented to Mrs. Pillow. The house was worth eight thousand dollars. The property was bought for \$25,000 and likewise given to Mrs. Pillow.

The New York greenback convention met at Syracuse Wednesday and made Richard Schell President and adopted resolutions protesting against the platform of the New York Democracy during the last two years account of their hard money plank. They recommended delegates to a soft money State Convention which shall choose delegates to the National Convention at St. Louis.

Our attention was called yesterday to a sight no less disgusting than melancholy: It was an old, grey-headed, and grey-bearded man, carrying the "pigeon-wing" on the pavement in front of a bar-room. The old man evidently had an awful cough of R. G. whiskey. Poor old fellow, the angel of death is calling at your door.

Remember that true happiness is forever lost when your health is once broken down. Dr. Ball's Cough Syrup prevents throat and lung disease, and cures Colds and Coughs.

Salt-bath Vaccines.
Gas Centennial.

Salisbury Gas Co., has celebrated the centennial of American independence, (we suppose) by a reduction of \$7 to \$5 per 1,000 feet. We hope they contemplate another reduction, the next time from \$5 to \$3.

Bring all your old hats to the Central Hotel and have them done up especially silk hats.

NOTICE.

The citizens of Raleigh are hereby notified that the Raleigh City Police Department has been organized and will be in operation on Monday, March 19th, 1894. The police will be in charge of the streets and will enforce the laws of the city. It is the duty of every citizen to obey the laws and to respect the authority of the police. Any person who is found guilty of a crime will be punished according to the law. It is the hope of the police that they will be able to keep the streets of Raleigh safe and peaceful.
